GGBA Foundation
San Francisco, CA

Dear Sirs:

We understand from Ms Lenora Blouin of the San Jose Public Library that the Library is requesting a grant from the GGBA Foundation for the purpose of providing AIDS educational materials in the branches of the San Jose Library. High Tech Gays would like wholeheartedly to support the project and encourage your generosity in this matter.

San Jose currently relies entirely on the Santa Clara County Health Department to provide AIDS materials in the area, and, as we all know too well, it will only be widespread education on AIDS which bring this crisis under any control. We believe that assisting the San Jose Public Library, which also has a loan network with other library systems, is an important move in the widespread dissemination of intelligently crafted material on AIDS.

Also, Ms Blouin was instrumental in having HTG materials placed in the Library's Technology Center and would be most efficient in making the maximum use of the grant money for dispersing this material.

Thank you for considering this request for assistance to the San Jose Public Library.

Very truly your,
