

ROSENQUIST RESEARCH ASSOCIATES

October 5th, 1983

HI-TECH GAYS
P.O. Box 6777
San Jose, CA 95150

Ladies and Gentlemen:

Ed Sebesta, a neighbor of mine up here, has suggested that I send a letter of introduction to you. I am a member of LGAES up here in San Francisco.

I am gay and a recruiter who specializes in semiconductor process engineers. I used to work for Lambert Personnel before it went broke eleven months ago and have been on my own since. If you print the services of gay recruiters, please feel free to let your readership know about my services. Also, please send me some information as to how I may become a member of HI-TECH GAYS.

Cordially,

Steve Rosenquist.
