

HIGH TECH GAYS

P.O.Box 6777 San Jose, California 95150

November 27, 1984

Mr. John Young
President
Hewlett-Packard Company
3000 Hanover Street
Palo Alto, CA 94304

Dear Mr. Young:

I am sure you have heard the Kinsey Institute statistic that approximately one out of ten Americans is Gay. But have you considered that this means that one out of ten Hewlett-Packard employees is Gay?

High Tech Gays is an organization of professional men and women who work in the Santa Clara Valley in the high tech firms here. We represent Gay men and women who work at virtually all of the valley's most prestigious companies. And a considerable number of us work at Hewlett-Packard.

Our purposes are a blend of social activities, networking among professionals, support for human rights causes and the education of both our own members and the community at large. We hold monthly meetings in relaxed surroundings which give us the opportunity to discuss our work environment, the pressures of high tech life, and how we can contribute to our community.

All of this is a preamble to extending an invitation to you to speak at one of our upcoming meetings. You could choose any topic which you think would be of interest to a professional organization. Becoming better acquainted with one of the valley's most successful and respected companies would be of great interest to our members, and we feel that you will gain, too, through a unique opportunity to meet a significant and talented minority group.

We hope you will give this invitation serious consideration, and hope to hear from you at your earliest convenience. We will gladly arrange our meeting schedule to suit your availability.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Richard P. Rudy'. The signature is fluid and cursive, with a large loop at the end.

Richard P. Rudy, President
