To the Board of HTG:

I just received my October copy of the HTG newsletter and I felt compelled to write you this letter.

A little background on me, I was co-chair of the Orange County Gay and Lesbian Engineer and Scientists (GLOES) for two years; boardmember on the Elections Committee of the County of Orange (ECCO) for three years; boardmember on the Log Cabin Club of Orange County board for three years and Log Cabin (Orange County) delegate on the United Log Cabin Clubs of California board for one year.

The reason I am writing you is that I am pleasantly surprised to see the announcement on the Santa Clara Log Cabin Club meeting with Marvin Liebman (also sponsored by the Log Cabin PAC). Log Cabin has had a difficult time getting positive press (if any) in the gay community and recognition of the work that we do at the Republican conventions and elsewhere courting Republican legislators and party affiliates.

As an engineer, I am amazed at your success in building such a respected organization in such a short time. When a friend of mine (Jay Perlman) moved to the San Jose area and told me about HTG, I asked him to send me an application form.

I am sending you a copy of the Log Cabin Club (Orange County) newsletter to give you an idea of what we are doing here in Orange County. Basically what we are doing is very simple, organizing Republicans (and sympathetic Democrats) to get rid of the "Orange County Cavemen" and/or make their political lives as difficult as possible. We've won some and we've lost some, but last Saturday was special when the Parents and Friends of Lesbians and Gays (PFLAG) had their 9th Annual International Conference in Anaheim, Orange County. (Home of the Reverend Lou Sheldon - Traditional Faulty Values.) Senator John Seymour (R-Anaheim) had a proclamation honoring PFLAG!

Best of Luck,
